

Post-Secondary Goal Path Bulletin for Learners

Welcome

Have you ever wondered why you are assessed in Literacy and Basic Skills programs?

Assessing allows your instructor to

- see what your knowledge and skills are
- make a training plan specific to you
- help you get the right training so you can reach your goals
- measure what you are learning during the program
- make sure you are ready to go to your step
- help you to be successful

What is a Post-Secondary Goal?

If you have a Postsecondary Goal, your upgrading will include

- examining the process, benefits and opportunities in moving towards postsecondary studies
- preparing you with the necessary literacy and basic skills to move towards a successful outcome in reaching your goal

This project was funded by the
Ministry of Training, Colleges and Universities 2014
