

Secondary School Credit Goal Path Bulletin for Learners

Welcome

Have you ever wondered why you are assessed in Literacy and Basic Skills programs?

Assessing allows your instructor to

- see what your knowledge and skills are
- make a training plan specific to you
- help you get the right training so you can reach your goals
- measure what you are learning during the program
- make sure you are ready to go to your step
- help you to be successful

What is a Secondary School Credit Goal?

If you have a Secondary School Credit goal, your upgrading will support, guide and prepare you to move from Literacy and Basic Skills programming to

- Secondary School credit(s)
- completion of your high school diploma
- other recognized high school equivalencies
